

What do Copernicus, Google, and Chicago have in common?

They all have ties to Poland!

Learn **Polish** and open yourself to the world!

Fall 2020 All the Polish language courses fulfill the CAS foreign language requirement.

POLS 101-001 [Elementary](#)

MW 4:00 – 5:15

Agnieszka Oskiera

POLS 101-002 [Elementary](#)

TTh 10:00 – 11:15

Aleksandra Majkowska-Smith

This beginners course introduces students to useful Polish phrases and vocabulary, basic grammar, phonetics, and spelling. We will explore aspects of Polish history and culture.

POLS 103 [Intermediate](#)

MWF 12:35 – 1:25

Agnieszka Oskiera

This course aims to further develop and improve students' ability to speak, read, and write Polish. The focus will be on new vocabulary and idiomatic phrases while using proper grammar and spelling. Topics for discussion will include elements of Polish history, literature, culture, and contemporary life style.

POLS 201 [Polish for Healthcare](#)

TTh 1:00 – 2:15

Aleksandra Majkowska-Smith

This course is designed for students in pre-med curriculum as well as for medical/healthcare majors and minors. Students will learn medical terminology, parts of the body, physiology, names and symptoms of most common diseases and addictions. Prerequisite POLS 104 or equivalent.

POLS 270 [Contemporary Polish Culture \(in Polish\)](#) **TTh 2:30 – 3:45** **Bożena Nowicka McLees**

Students will practice their Polish language skills while exploring contemporary culture in Poland and the Polish American community. Prerequisite POLS 104 or equivalent.

Improve your Polish. Improve your future.
