

New Features with PeopleTools 8.60

Banner Layout Changes

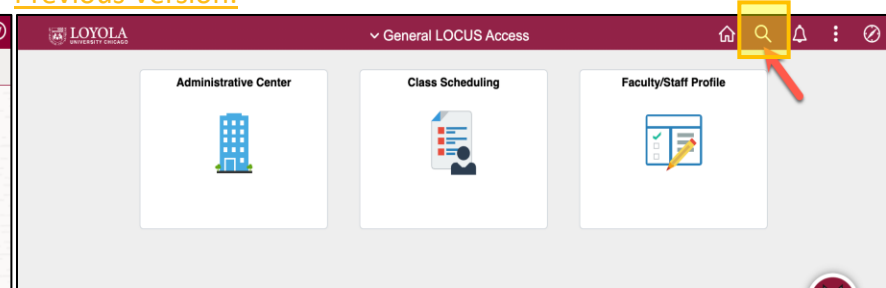

Global Search:

- The global search is now in the middle of the header for you to make a navigation search.
- You no longer have to click on the Magnifying Glass Icon.

New Version:

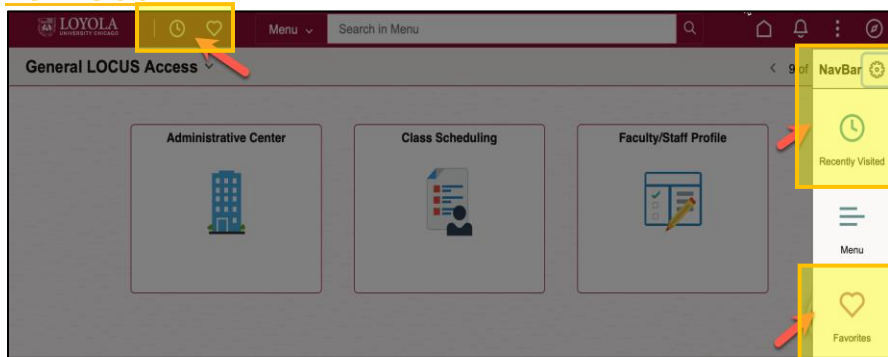

Previous Version:

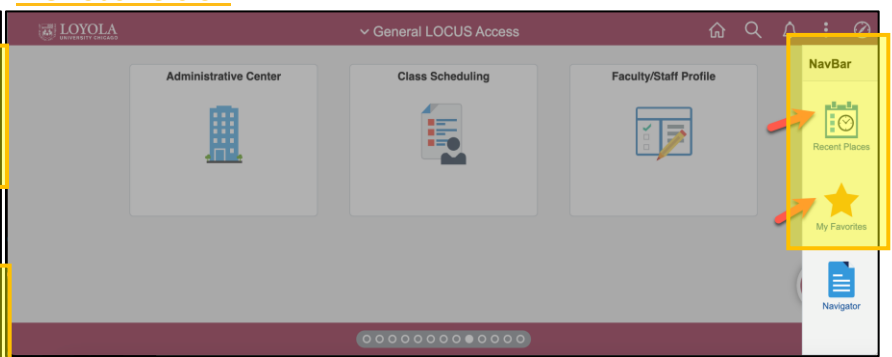

Quick Access Bar:

- Previously to reach your recently viewed or favorites you would first need to click on the Navigator, now you can access both features via the Quick Access Bar on the top left of the header.
- You can still access these features via the Navigator by clicking on the Compass Icon on the Far Right, but you only need to do that to access the Full Menu.

New Version:

Previous Version:

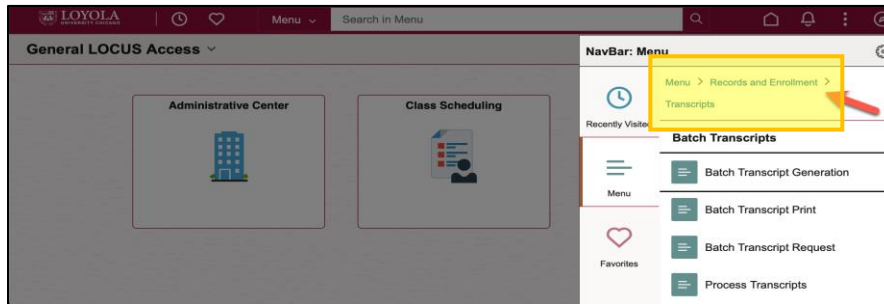

Note: the icons that represent these features have changes in the new version of PeopleTools.

NavBar Enhancements

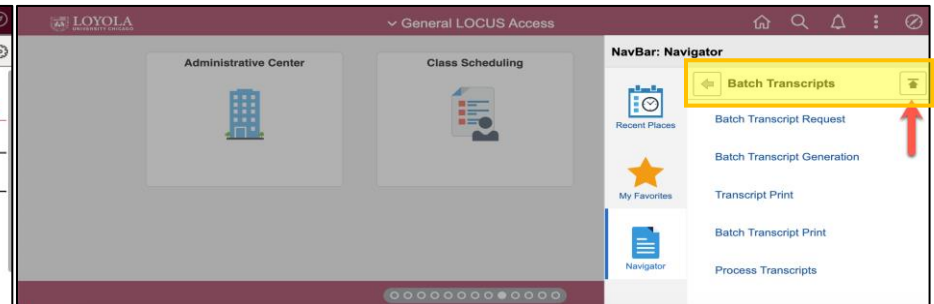

Breadcrumbs Are Back:

- Now as you navigate through folders you can easily go back to a previous folder as you navigate.
- In the prior version, you had to either go all the way to the menu or you could only go one folder up. (e.g. in the example below the up arrow would have taken you to Menu or Transcripts, but you would have not been able to easily go to Records and Enrollment).

New Version:

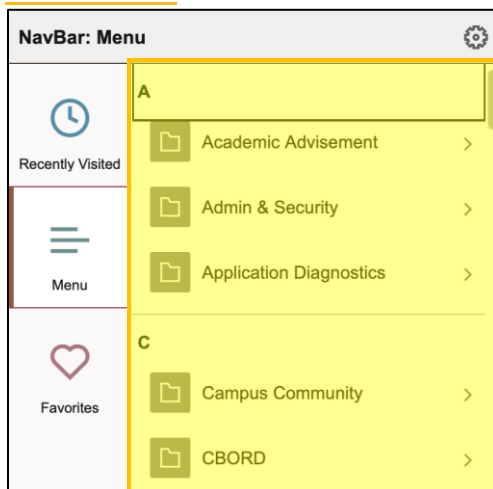

Previous Version:

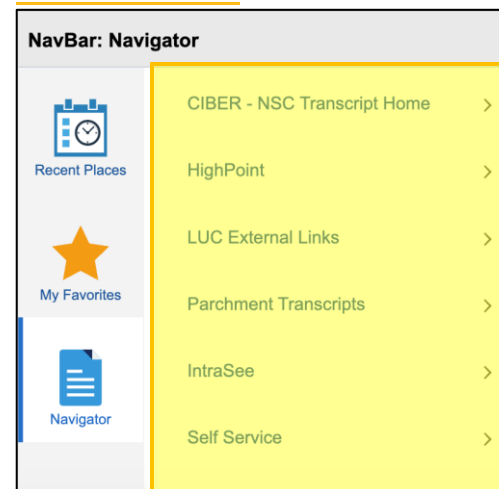

Menu's Are Now in Alphabetical Order: This will take getting used to

- Past: The menu was ordered by the sequence number given to a particular component/menu/page combination. (e.g. Academic Advisement is in the Middle and Self Service is at the Top; now Academic Advisement is in the Top and Self Service is at the Bottom)
- New: The menu is in alphabetical order, regardless of the sequence number

New Version:

Previous Version:

Search Results

Search No Longer Displays Results as Links, But You Can Still Click on the Value and It Acts like a Link: This will take getting used to

- Past: Your search results all look like they have links which you can click on and go to the next page. When you hovered over a value you would see the color change for the one link.
- New: Although the results in the grid do not look like links, you can click on anywhere in the row and it behaves like a link.

Add a New Value, The Add a New Value Button No Longer Displays as a Tab on the Right Hand Corner. This will take getting used to

- Past: The Add a New Value Function was on the main page as a Tab
- New: Now there is a button that appears on the right hand side of the page

New Version:

Previous Version:

Search No Longer Takes You Directly to a Component if You Only Have One Key Search Record Returned

- Past: when you had only one key search value returned Search would take you directly into the component. This no longer is the case.
- New: you have to click on the search result in order to access the component.
(e.g. If you go to the Admin Center and Enter a Unique 11 digit lid and click search you then are taken into the Student Center Component)

New Version:

Step 1: Search for the unique LID

Configurable Search

- Your 5 most recent searches will now be available. You can also save up to 5 unique searches.

New Version:

The screenshot displays the 'Maintain Schedule of Classes' search interface. At the top, there is a navigation bar with a search icon and the text 'Search in Menu'. Below this, the title 'Maintain Schedule of Classes' is prominently displayed. The main section is titled 'Find an Existing Value' and contains a 'Search Criteria' section. A note above the search fields reads: 'Enter any information you have and click Search. Leave fields blank for a list of all values.'

Two callout boxes highlight new features:

- Recent Searches:** A box pointing to a dropdown menu showing the last search criteria: 'Academic Institution:LUCHI,Term:1224'.
- Saved Searches:** A box pointing to a dropdown menu with the text 'Choose from saved searches'.

The search criteria form includes the following fields:

- *Academic Institution: LUCHI
- *Term: 1226
- Subject Area: LAW
- Catalog Nbr: begins with
- Academic Career: (dropdown)
- Campus: begins with
- Description: begins with
- Course ID: begins with
- Course Offering Nbr: =
- Academic Organization: begins with

Additional options include 'Show fewer options' and a 'Case Sensitive' checkbox. At the bottom of the form are buttons for 'Search', 'Clear', and 'Save Search'.

Below the search form, the 'Search Results' section shows: '100 rows - Academic Institution "LUCHI" Term "1226"'
